

**Boil Water Notice Rescinded**

**North Hardin Water Supply Corporation**

**Thursday, January 26, 2023**

On January 24, 2023, the Texas Commission on Environmental Quality required the North Hardin Water Supply Corporation public water system, PWS 1000015, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of January 26, 2023

If you have questions concerning this matter, you may contact Bobby Rogers at 409-385-7355 or in office at 5094 FM 92N Silsbee, TX 77656.

A handwritten signature in black ink, appearing to read "Bobby Rogers", with a long horizontal flourish extending to the right.
